Wataynikaneyap Transmission Project Training Program Application

Lake Assessment - Environment Protection Training Program is delivered by Opiikapawiin Services LP and will run in the fall of 2022. Training is delivered over 1 week and provides hands on instruction in Indigenous Ecological Knowledge and Western Science to monitor lakes and fish populations. Participants will be learning the use of the two systems of environmental knowledge to protect the Mother Earth. Travel, accommodation, meal allowance and a training stipend are included.
